Appointment of additional staff for the Govt fuel Sale Depots in Bangalore city

Letter no F 2713/44 dated the 2nd Dec 1944 from the Director of Food Supplies requesting sanction for the appointment of additional staff for the Government fuel sales Depots in Bangalore city.

1) The D.F.S. states that with the existing establishment, it is not possible to manage fuel distribution work at the seven Government sale depots in Bangalore city, and that it is quite necessary to appoint additional staff as detailed in the, therefore requests sanction for the appointment of additional staff for these depots at a total extra Cost of Rs 2055/- per mensem as per details in the proposal Statement sent by him (Flag O). Besides, he has also proposed the grant of an imprest of Rs. 50/- and a fixed contingency of Rs. 2/- for each depot. As the extra expenditure proposed is rather heavy and is capable of reduction the Auditor and Accounting Officer attached to the depots may be requested to furnish his opinion on the several items, in the first instance

No. F.2713/44 Dated 28th February 1945.

5) Returned with compliments.

A revised proposition statement and a copy of the opinion of the Auditor and Accounting Officer, Food Supplies Department, are enclosed.

6) The proposals have been carefully scrutinised.

7) I have discussed this with the Rationing Officer, Bangalore City.

8) The basic scale may be fixed at:-

Manager (1)	...	Rs. 40/- plus Rs. 5/-	plus Dearness allowance.
Bill clerk (1)	...	25/-	
Attender (1)	...	15/-	
Peons (2)	...	11/-	

9) At least one attender is necessary to run up for fuel when-

whenever stocks get low - as supplies are still not available in time inspite of indents having been made -, and also to watch the weighments, at the weighbridge, of fuel issued to the depot, and to accompany weighed consignments from there upto the depot to avoid pilferage on the way.

(6) It is not possible to say at this stage, how many Government depots are likely to be opened. The policy is to have private dealers to do retail vending as far as possible, but it may not be possible or desirable to have them at all places. At present there are ascertained to be 18 Government depots, out of a total of about 45. It would be necessary to have atleast 2 Government depots in each Municipal division; i.e., 18 in all.

(11) The jurisdiction of the Fuel Inspectors now required will be over an area thrice that of the Food Inspectors. They will have to move about three Municipal Divisions and inspect shops in all the divisions and see that they are stocked well always. This is more strenuous work and hence the proposal of an allowance of Rs.30/-, which may be allowed to stand.

(12) The extra allowance of Rs.5/- proposed for the managers is very necessary as the crowds and the rush at the fuel depots are far heavier than at the Food depots. At the latter, a definite number of cards is assigned, while at the Fuel depots, this has not yet been done. It cannot be done either just now, before the supplies are assured, and the full complement of retail shops are established. The Manager of the Fuel depot has to handle large crowds especially in the 1st and 3rd weeks of each month, I understand, and ~~especially~~ when supplies of casuarina fuel are received. It is also ascertained that on such occasions, they have to very often work late into the night.

(13) In addition, ~~when sending up proposals to Government~~

Appointment of additional staff for the Fuel Depot at Mangalore

Continuation Sheet. File No. / Current No. A-157 of 44 Page. only

Government agreeing that the said depot should be brought under the essential articles rules, a staff allowance of Rs.5/- to the Depot Manager has been recommended. This allowance of Rs.5/- may therefore stand.

14) An imprest is necessary for each depot Manager and not for the Fuel Inspectors. The former has to meet charges, some of them emergent, such as (a) unloading and loading (or hire for return, charges, (b) splitting of large logs, (c) lighting charges, and (d) broken axes, pencil, &c., sometimes. Contingent expenditure other than (a) and (b) may be limited to Rs.-/- p.m. but charges incurred under (a) and (b) have to be paid. The Fuel Inspector being given an imprest, ill hinder work as neither he nor the money will be available when immediate payments have to be made.

15) This imprest is necessary for all the fuel depot Managers.

Secretary to Govt.
Accounts Deptt. (Supplies).

16) The opinion of the Auditor (Flag N) and the revised proposition Statement are by the DFS (Flag - M) are for personal. The total extra cost as per the revised proposition Statement is Rs. 2365/- p.m. which is Rs 310/- in excess of the previous proposition (Flag O) sent by the DFS. In addition to this (Viz Rs. 3379/-) an imprest of Rs. 50/- for each of the Managers of the existing 16 depots and for Contingencies @ 2 2/-

The total cost as now proposed = Rs 3379/- p.m.

for each depot are also suggested.

17) As regards the previous recommendation of the D.F.S. to grant an allowance of Rs. 57 pm to the Managers of Food depots (after bringing the Food depot establishment within the scope of the "Essential Services rules") referred to in para 13 of the note above, it is noted that orders have already been passed in this matter in this office letter no Fd. 2821/A 129—44-2 dated 22-11-1944. The order is to the effect that the proposed instrument viz the allowance of Rs 57- pm. to each Food Depot Manager is not necessary and that if it is considered that the pay of these officials are too low a proposal may be submitted to Government for consideration.

Subd. for orders.

Refer Para 3.

18) A proposal has been received separately that fuel supply arrangements may be transferred to a private joint stock company with effect from 15th of March 1945. If this proposal is approved there may be no need for all the extra staff suggested.

is seen from the Director's letter of 2nd Accordingly that he had authorised the special officer to entertain the staff in anticipation of sanction. It may therefore be ascertained from the D.F.S. whether all or any a part of the staff has been entertained and sanction may be accorded for such staff till the date of transfer of the work to the Private company.

2) Even after the new arrangement is sanctioned by Government for the supply of fuel to retailers, the full complement of 19 Government Depots will be necessary for atleast 3 months after the scheme is put into operation, to test the regular flow of fuel to the depots, allocate cards to the depots and regularise supply to the several depots before action is taken to hand over the depots

to private retailers and abolish the Government establishment by degrees. It would be too risky to abolish Government depots all atonce immediately after the arrangement is sanctioned. Therefore in the proposals now made, only a basic scale is sought to be fixed. What is now required is a formal sanction for a scale which is already entertained. Their pay is being paid month after month in anticipation of sanction of Government. I may give the assurance that the policy of the Department will be to abolish these depots gradually, consistently with the efficient working of such depots by private agency. The majority of staff has been already entertained for 18 depots (excduding one at the Wilson Gardens which is urgently required), the present staff which is working is:

18 Managers,
12 Bill Clerks,
17 Attenders and
35 Peons.

22) The following vacancies have not been filled for want of suitable candidates.

6 Bill Clerks,
One Attender, and
One peon.

23) The work in the depots is very heavy and the present staff has to meet the requirements of huge crowds and keep late hours. The proposals of the Additional Director may therefore be kindly sanctioned with the observation that when the new arrangement comes into operation, the staff entertained in atleast 10 of the depots may be completely disbanded within a period of three months leaving

The establishment sanctioned for each fuel depot is one bill clerk on Rs.25/-, one attender on Rs.15/- and 2 peons on Rs. 11/-. The file relating to the sanction of Assistant Fuel Inspectors is not put up. At the time the Assistant Fuel Inspectors were first recommended, it was proposed to attach one Assistant Fuel Inspector to each depot or for 2 depots where the depots were small.

I regret I am unable to follow the need now for an increased staff for these depots. As pointed out by the Auditor, in the Govt. Food Depots where the clerical work

P.T.O.

is much greater, the depots are given only one Manager and one clerk. Therefore, it ought to be sufficiant if we give one Assistant Fuel Inspector and oner clerk to each fuel depot. The Asst. Fuel Inspectors having already been sanctioned, there is no need therefore to sanction any additional staff. Apparently, the Asst. Fuel Inspectors are being used for other work and that is why they are not included in the sanctioned strength.

No.F-2713/44. Office of the Director of Food Supplies in Mysore, Bangalore. 1st December.1944.

To

The Secretary to Government,
Development Department (Supplies),
BANGALORE.

Sir,

Subject:- Fuel Depots in Bangalore City - Extra staff for management of -

Adverting to Government order No.SD.6935-38/A.122-43-10 dated 13th April 1944 sanctioning certain staff for the working of fuel depots for the distribution of fuel in Bangalore City, I have the honour to state that the Rationing Officer, Bangalore City states that it is becoming increasingly difficult to satisfactorily manage the work of distribution of fuel at the several Government Depots with the staff so far sanctioned and that extra staff is absolutely necessary for the efficient working of the depots. The Rationing Officer has sent up detailed proposals which I have discussed with him. I consider the following extra staff at a total extra cost of Rs.2,055/- per mensem quite necessary.

2. One Manager for each depot @ Rs.40/- plus Rs.5/-: Security of Rs.100/- to be taken.

Three fuel inspectors on Rs.80/- plus Rs.30/-; one for three Municipal Divisions;

Nine Assistant Fuel Inspectors (same grade as Assistant Food Inspectors) for the nine divisions;

Two peons to each Fuel Inspector and one peon to each Assistant Food Inspector.

One Clerk on Rs.30/- to each Fuel Inspector.

Fixed contingencies of Rs.2/- for each Depot.

Imprest of Rs.50/- for each Depot Manager.

3. A proposition statement showing the extra cost involved is enclosed. I request that sanction of Government to the above proposals may be kindly obtained and communicated to me very early, In view

Copy of the opinion of the Auditor and Accounting Officer, Food Supplies, Bangalore.

The present scale ~~of~~ in the Proposition Statement is verified and found to be in order.

2. It is desirable to fix up a basic scale for the Fuel depot staff as in the case of Foodgrain depots indicating the maximum number of Govt. depots that are likely to be opened.

3. All the Food Inspectors and the present Fuel Inspectors also get a C.A. of Rs.20/- only. There is no need to give a C.A. of Rs.30/- to the 3 fuel Inspectors now proposed.

4. There seems to be also no need to give 3 literate hands, one Manager, one Clerk and one attender to each fuel depot. Food grains depots where the clerical work is much greater are given only one Manager and one Clerk. It is sufficient to give one Manager and one clerk to each fuel depot if absolutely necessary and the extra post of attender may be omitted, the services of those already engaged being absorbed elsewhere or dispensed with.

5. For the above reason, there is no reason to give an extra over pay of Rs.5/- to the managers of fuel depots. Along with other whole-time servants of Government, these and others also are entitled to dearness allowance according to the scales fixed.

6. For the same reason that Foodgrain depots are not given a fixed contingent allotment of Rs.2/-, it is not necessary for the fuel depots managers. Any contingent expenditure may be met from the imprest given to each Fuel Inspectors.

7. An imprest of Rs.50/- may if considered absolutely necessary, be given to each of the three fuel Inspectors. There seems to be no need to give this heavy imprest to all the 16 depot managers.

Auditor & Accg. Officer.

SUBMITTED to the Director of Food Supplies in Mysore, Bangalore:-

1. Atleast 19 Government Depots will be necessary in any event.

2. At present, there are 18 Govt. Fuel Depots as on 1-3-45 and one more depot is proposed to be opened at Wilson Garden for these Depots, 18 Managers, 12 Bill Clerks, 17 Attenders and 35 peons have been appointed against the sanctioned staff of one Manager, One Bill Clerk, one Attender and 2 peops for each depot. As regards the Bill Clerks, Attenders and Peons, 6 Bill Clerkss, 1 Attender and 1 Peon are still to be appointed for these depots and these officials and menials are not yet appointed due to the fact that it is very difficult to secure suitable hands for the depots. But the work in the depots is very heavy and for want of hands, these vacancies remain unfilled and the other staff of the depots are managing the depots. As soon as hands are secured, the remaining vacancies will also be filled up. Hence the complete staff proposed may kindly be sanctioned.

3. It is only a basic scale that is sought to be fixed. After the new arrangement ~~xx~~ operates for a while, it will be time to consider, the allocation of cards and reduction of Government Fuel Depots. Till then it would be risky to abolish Government Depots, Till supplies are regulated and assured, assignment of cards is impracticable. So long as assignment is not made, the Govt.Depots, which are the last resort, must be so manned, that they must be prepared to meet huge crowds and work till late. Hence the basic scale which is deliberately proposed may kindly be sanctioned.

THE MAHARAJA OF MYSORE.

Read:-

G.O. No. CD.6935-38/A.182-43-10, dated, the 13th April, 1944, sanctioning the opening of eleven fuel depots in Bangalore City, with the marginally* noted staff, and the payment of a rent of Rs.30/- per depot for the buildings in which the fuel depots are located.

* One Bill Clerk on Rs.25/- p.m.
One Attender on Rs.15/- p.m.
Two Peons on Rs.11/- each p.m.

2. G.O. No. CD.3207-11/A.41-44-14, dated, the 8th/12th Dec., 1944, sanctioning certain executive, ministerial and menial establishments for the fuel supply work in Bangalore City.

3. Letter No.F.2713/44, dated, 2-12-44, from the Director of Food Supplies in Mysore, submitting proposals for certain additional staff for working the fuel depots in Bangalore City and suggesting that each depot may be allowed fixed contingencies of Rs.2/- a month and an imprest of Rs.60/-.

4. Correspondence ending with un-official note No.F.2713/44, dated, the 12th March, 1945, from the Director of Food Supplies, regarding the proposals made in his above letter.

O R D E R NO. G.D. 6403-406 /A.157-44-2,

DATED, BANGALORE, THE 19th/23 APRIL, 1945.

It is observed that there are at present, 19 fuel depots in Bangalore City including the one recently opened in the Gilson Garden extension and the staff required for each depot is stated to be as under:

One Manager on Rs.40/- p.m.	
One Bill clerk on Rs.25/- p.m.	
One Attender on Rs.15/- p.m. and	Plus dearness allowance.
Two peons on Rs.11/- each. p.m.	

It is also observed that the additional posts of Managers included in the proposals have been filled up in anticipation of sanction of Government. Government are not convinced of the need for the additional posts of Managers for the depots and consider that the scale of staff fixed in the Government Order of April 1944, is sufficient for working the depots. They are, accordingly, pleased to sanction the continuance of the nineteen fuel depots which are now working till the end of June, 1945, with the following staff:

One Bill Clerk on Rs.25/- p.m.
One Attender on Rs.15/- p. m.
Two peons on Rs.11/- each p.m.

The services of Managers employed in the depots in anticipation of sanction should be terminated immediately.

As regards the additional posts of Fuel Inspectors, Asst. Fuel Inspectors, clerks and peons for work under them, Government do not consider this extra staff necessary, as the posts of twelve Asst. Fuel Inspectors have already been sanctioned in the Government Order, dated, the 12th December, 1944, read above.

The fixed contingencies of Rs.2/- and the Imprest of Rs.60/- recommended by the Director of Food Supplies for each depot are sanctioned.

p.t.o.

Government have approved the scheme submitted by the Director of Food Supplies for entrusting the work of fuel supplies to a joint stock company, Government direct that when the new arrangement comes into operation the staff entertained in at least ten of the depots may be completely disbanded within a period of three months, retaining, if necessary, only nine depots at the rate of one fuel depot for each Division under Government management to serve in emergencies.
